Sunflower Class - Moving Targets & Young Voices

What a busy week the Sunflowers have had! It all kicked off on Tuesday with Moving Targets at the Courtyard, where our children dazzled family and friends with two fantastic performances. Their fusion of Bollywood and Street dance was energetic and lively and the smiles on their faces truly lit up the stage. A huge thank you to Laura Gale Dance School and Eleanor for their incredible choreography!

On Thursday, Sunflowers Class took to BP Pulse in Birmingham, joining over 5,000 children for the largest children's choir. It was a wonderful experience, with everyone singing and dancing together, from pop melodies to sea shanties. The joy and unity in the air were palpable and it was heartwarming to see our children thrive in such a vibrant atmosphere. Well done, Sunflowers! Your hard work and enthusiasm shone brightly throughout the week.

Forest School

Bluebells' first forest school session was full of fun and discovery! The children had a wonderful time exploring the area and following their own interests. Some children worked together to build shelters, showing great teamwork and creativity. Others enjoyed problem solving as they added to the dead hedge and many challenged their balance on the obstacle course. In the mud kitchen, imaginations ran wild as children made everything from soups to toast and cups of tea.

KS2 - Internet Safety

This week, KS2 enjoyed an engaging internet safety performance. The children thoroughly enjoyed learning how to keep themselves safe online through a fun and interactive approach. Using drama, music and real-life scenarios, the performance covered key topics including protecting personal information, creating strong passwords, recognising online scams and understanding the importance of respectful communication.

The children were eager to share their ideas and showed a secure understanding of how to make sensible choices when using the internet at home and at school. Rose Class also took part in a follow-up workshop, where we explored different scenarios in more depth using freeze frames and thoughtful discussion to reinforce the key messages.
